VERSION 2.0 • 2026

PRECISION ACCOUNTING, DELIVERED WITH CONFIDENCE AND CLARITY.

Think Beyond Tax is a premium advisory partner — accounting, bookkeeping, and tax services built on trust, discipline, and a forward-looking mindset. The identity pairs a disciplined black-and-gold palette with a sharp geometric mark, projecting stability and momentum in equal measure.

BLACK, GOLD, AND WARM NEUTRALS.

DEEP GOLD

Onyx and Ivory are the primary backgrounds. Signature Gold is reserved for the mark, key accents, and calls to attention — never a large fill. Deep Gold and Charcoal support text and secondary elements.

CLEAN GEOMETRIC SANS THROUGHOUT.

Montserrat's even, wide-tracked geometry mirrors the logo's wordmark — used for headlines, body copy, and labels alike for a unified, sleek voice.
